To Whom It May Concern:

We would like to recommend First Diversity Group to any healthcare organization in need of a professional recruiting firm. We recently partnered on a project with them to supply University of Maryland Medical Center with Food Service and Environmental Service employees. We found them to be a compatible partner, organized and able to quickly execute the final interviews of candidates we referred for consideration. Their feedback was done in a timely and professional manner. If you are in need of any further information please do not hesitate to contact me.

Sincerely,
